**SM-DM-WHEEL - Wheel System**
This is a bolt on retractable wheel system. Four wheels and retractors are included in the package.

**SM-GC - Goal Cart**
This is a bolt on or slip on wheel system. Four wheels slide under the goal and can be removed after the goal is moved. One set of four will move multiple goals as they are not permanently attached.

**SM-SB1000 - Sand Bag**
Sand bags stop goals from sliding and or tipping.

**SM-GT1000 - Goal Tether**
This is a permanent goal tether that can be buried in the field for quick anchoring of goals. The Goal Tether allows you to remove the goal when not in use or lock it down when in use.

**SM-R1000-PAD or SM-FB-PAD - Football or Rugby Pads**
Rugby/Football goal pads prevent injuries to players and slip over the goal base in minutes.

**SM-FH1200-WHEELS - Field Hockey Wheel System**
Field Hockey wheels are permanently attached and allow Field Hockey Goals to be moved easily.

**SM-PENNANT - Wind Direction Pennant**
Wind Direction Pennants can be custom made with Team logos.

**SM-FB-1000 Mounting Box**
Made to mount Football goals on artificial turf. It is just one example of the many custom mounting solutions that Scoremaster can provide.

**Custom Engineering**
Get things done your way or count on our years of experience to design and build a goal system that is perfect for your application.
Features and Benefits

Aluminum Construction
- Scoremaster uses high strength alloy Aluminum for all of our products.
- 1/3 the weight of steel.
- Will not corrode.
- Lower maintenance with a longer life expectancy.
- Easy to move.
- Reduces field damage.

Unmatched Engineering
- Scoremaster has design features not found in other products.
- Aerospace quality TIG welded construction. Welding is stronger and vandal resistant.
- Oval tube profile net racks on SM-DM1200 to SM-DM2400 series.
- Large section extrusions.
- Custom shapes for high strength.
- Slide and bolt together connections.
- Goal ends are welded solid and won’t work loose over time.
- Less than .001 percent product failure since 1997.

Experience
- Scoremaster has over 25 years of goal building experience and a dedicated engineering department.
- We were the first manufacturer to address potential problems and safety issues.
- Extensive product testing and proven designs are a Scoremaster trademark.
- Scoremaster is owned by Professional Components Ltd. which manufactures specialized equipment for military and coast guard.
- The same care goes into all products whether it is for the military or your local soccer field, we know having the right equipment is mission critical.

Quality Control
- Scoremaster is constructed to rigid in house quality control procedures in the spirit of ISO9000 to maintain high quality and product consistency.

Safety
- Scoremaster goals meet all safety standards when safety instructions (affixed to each goal are followed.)
- Smooth profiles reduce injuries.
- Permanently attached net fasteners have a smooth profile.
- Non protruding bolts or fasteners prevent injuries from collisions.

Durable Powder Coat Finish
- Baked-on powder coat finish is optional on all goals.
- Powder Coating is done in house at Scoremaster.
- In house powder coating ensures full quality control and the best protective coating available - for visibility, low maintenance, beautiful appearance and weathering protection.

“Scoremaster is the highest quality goal available on the market.”
